

DANIELE LENUZZA

Daniele is the whole package!
He is a visionary, a creator and an influencer.
His exceptional talent and deep-rooted
passion for wine making is rare and unique.
He is constantly in creative mode.

TANIKA PARIS-LENUZZA

Tanika is passionate about business.
She has an astounding ability to recognize
opportunities and the most extraordinary
skill to grow into change.

GIANPAOLO LENUZZA

Gianpaolo's love for our land is demonstrated
by his self-motivated, strong work ethic.
Dependability, patience and a positive attitude
are his key skills. But, above all; he is a big
family man and loves to gather together!

VIGNA
LENUZZA
una passione naturale

*"Just like the winds of passion; my deep-rooted love
for winemaking blows through the vineyards,
caressing every lasting vine, whistling a sweet
tune that only I can hear and understand."*

*"Our vineyards are our home, they are our family, they
are my safe place, they are my unforgettable memories;
and yet, my exciting future"*

Daniele Lenuzza

Letter from the winemaker Daniele Lenuzza

*I believe in carefully selecting the most perfect grapes
grown here in our region
and transforming them into great wines.*

*Wines that represent the beauty
and splendor of our home, **Prepotto**.
Our vineyards are nurtured for every day
by our passionate team; our **family**.*

*What are great wines to me?
Wines that not only have **bold expression** in flavour,
aroma, balance and elegance..
But wines that have personality,
create curiosity and
that leave people happily speechless.*

Vigna Lenuzza

3 generations of winemaking
8 hectares of vineyards in total
45 000 bottles produced..and counting
70% Hills of Ponca soil
30% Flat land with Marlstone
Terroir and Micro-climate strongly
influenced by the Judrio river

Sustainability

Our vineyards are located in the Valley of Judrio, which has a special micro-climate. It is hot in the day and cool at night. Due to this unique temperature range and fresh cool winds, we have less need to spray protective treatments in the vineyards. Less spraying means less poison distributed; which is good for the environment and good for consumers.

Our vineyards are **certified organic**.

We use all the waste material left from pruning and winemaking and produce our own compost in order to naturally fertilize our vineyards. We harvest only by hand because we do not want our vineyards to get damaged by machinery; and we can control the quality strictly selecting only the best bunches. Our wine cellar utilizes energy generated from solar panels.

Prepotto

765 citizens | 115m above sea level
406 hectares of vineyards

Schioppettino di Prepotto

Schioppettino di Prepotto is our Grand Cru;

Our oldest indigenous variety,
Our first generation winemaker's greatest
passion and legacy.

Spirited, spicy & expressive, with a subtle
velvety elegance.

In honor of our Nonno, **Silvano Pasqualini**.
